Dear Client,

Welcome to the 22nd edition of our rare coin mailer. It was only 30 days ago that mailer #21 was sent out, and since that time there have been some interesting developments in the coin market.

First of all, your response to our last listing was gratifying. We have been able to add hundreds of new coins for this issue, and we expect even greater results.

Secondly, the coin market in general is very strong, and record prices have been established in issues of almost every denomination. Rare gold is making a dynamic comeback, and top quality coins are still the primary collector/investor interest.

Indications are, from talking to other dealers, market analysts, and the public in general, as well as from our own observations, that interest in rare coins for collecting and investing is at a new all-time high.

This coin mailer also includes a coin quiz, a new feature we have started for your enjoyment. Bruce Anspacher, the director of sales of N.E.R.C.G., wrote the quiz. Some of the questions are easy, and others are very tough. I'm sure you'll find it fun and informative. If you like this feature, let us know and we'll run one each month (if there is space for it).

## A.N.A. CONVENTION --- AUGUST 19-24

This year's American Numismatic Association Convention will be held in Los Angeles at the Marriott Hotel. We will have a booth there and we hope you will stop by and say hello. As always, we will have a superb selection of top quality coins for your consideration, and of course we are always in the market to buy nice material. If you have desirable coins for sale, see us first. We will give you an instant decision on any coins offered to us or if you prefer, we will make offers on coins of interest. We never use any "stall tactics" or haggling, as we believe in giving our best price the first time. We will also be accepting consignments for our auction to be held in conjunction with the New England Numismatic Association Convention, November 6 - 9. Our commission rates are competitive, and you will find us easy to do business with and eager to cooperate with you in every way possible.

## "CONDITION" COINS

Some of the factors which determine a coins value include mintage, availability, popularity and intrinsic value. However, the three most important factors are condition, condition, and condition. (Pardon the variation on an old joke, but it illustrates my point). The rule that any sophisticated investor or collector has learned to follow is: Buy the best possible condition. We have always stressed top quality in our listings, and have become famous for having the best selection of choice and gem quality uncirculated and proof coins (including many finest knowns!) in the coin business. We have found that in all forms of investment, it tends to be the higher quality properties that appreciate in value the fastest when a market becomes sophisticated. This has been true in real estate, rare paintings, stamps, antiques, even the stock market. There are always exceptions of course, but the tendency has been that quality conscious buyers have realized the greatest profits. This has especially held true for coins in the past several years, and as the market becomes more sophisticated (and we feel that the coin market is really still in its infancy) this trend will no doubt accelerate.

Unfortunately, condition can be a very tricky thing, especially for the busy executive or professional person (for example) who doesn't have time to learn to grade coins with total confidence. To illustrate, we sell Borderline Unc. 1863-64C Liberty Nickels for \$20 and Choice Brilliant Unc. specimens for \$39. Recently, I noticed some Ch. BU examples being advertised for \$29 which at first look seemed like quite a bargain (since we are currently paying \$32 for choice specimens---and are having difficulty buying them at that level). Upon calling the dealer in question, I was not particularly surprised when he said, "Oh, you don't want those. They're the same coins I bought from Tom (that's Tom Noe of our staff) last month." (as Borderline Unc., which we sell for \$20 each!). So what seemed like a bargain was really an overgraded coin, priced nearly 50% over our selling price.

Of course, not all dealers engage in the practice of overgrading coins. But this example illustrates my point. Know your dealer, and learn as much as you can about grading before you buy. I highly recommend the "PHOTOGRADE" book (written by my friend, Jim Ruddy) as the best and easiest-to-use grading guide. It sells for under \$3 and can save you hundreds or even thousands of dollars if you are buying rare coins for collection or investment.

#### SELLING YOUR COINS TO N.E.R.C.G.

Frankly, we are in a difficult situation. We're selling coins faster than we can buy them. The fact is, there just does not seem to be enough really desirable coins to go around. For this reason we are particularly anxious to buy any choice coins that you may have for sale.

Our customers include every top collector, investor and dealer in the country. Our high volume business allows us to pay the absolute top prices for any really choice numismatic coins, and a fair, wholesale price for the not-so-choice items. In addition, we can offer instant, confidential cash (any amount) and a pleasant, problem-free transaction.

We can also arrange to sell your collection, accumulation or single rarity via public auction. Our commission rates are highly competitive, and our unparalleled clientele of anxious coin buyers combined with the expert cataloging, professional promotion, top quality auction catalog, and unexcelled professional reputation, assure you of the best possible results. The deadline for our next sale (in conjunction with the prestigious New England Numismatic Association convention in Boston, November 6-9) is August 25. Call or write for further details. Include a brief description of the coins you wish to sell and, if possible, a day-time phone number.

#### IN SUMMARY

We have tried to make this a mailer with something for everyone. We have coins for under \$10 and coins for over \$100,000. For the scholar, we have a nice selection of numismatic books. For the busy collector, we have complete pre-assembled sets of coins. For the novice coin investor, we have our famous Investment Packages (see pages 41-42). We hope you enjoy doing business with us as much as we enjoy serving you, our valued clients.

I thank you for your much appreciated business, and pledge to continue to deliver the same outstanding quality, value and service in the future.

Best regards,  
New England Rare Coin Galleries

## NUMISMATIC BOOKS

For the first time, New England Rare Coin Galleries is offering for sale a selection of numismatic books (an Indian "book" mentioned earlier.) We have always encouraged our clients to inform themselves as much as possible about the coins they are buying. This is not only to their benefit without motive. The fact is that most of our customers are very knowledgeable about the coins they buy from us. We feel that this is because it is the most knowledgeable buyers that are best able to recognize the consistent quality and value that we deliver. So there is a somewhat selfish reason that we advise: "Buy the book before you buy the coin." Often the book turns out to be the biggest bargain.

STRAIGHT TALK FROM  
NEW ENGLAND'S LEADER  
IN THE RARE COIN BUSINESS

OUR POLICY

Here at New England Rare Coin Galleries, we emphasize the highest quality coins we believe that coin collectors have been able to find in any one place. It's consistent with our philosophy. There we strictly mean what we say. Nothing sure.

QUALITY AND VALUE

We grade all of our coins accurately and conservatively, and if there is any doubt, we always grade in the customer's favor. Quite often our "AU" coins will be equivalent to or better than coins offered as 100 or even Choice AU by some other coin sellers. All coins are described as fully and accurately as possible and since we don't believe in pushing grades or ignoring defects, weak strikes, minor scratches, nicks or signs of cleaning are always mentioned.

This is why our prices may seem higher at times, so if you are shopping prices, make sure you shop grading standards as well. An overgraded coin is seldom a bargain, even at so-called "bargain" price.

The very fact that many of America's leading and most knowledgeable dealers, collectors and investors continue to buy at an ever increasing rate from N.E.R.C.G. should be testimony to the fact that we do indeed offer you the best possible value per dollar spent on today's market.

EXPERTISE

Our staff is comprised of some of America's finest and most knowledgeable numismatists who can guarantee authenticity because they know the difference. In fact, members of our staff are often called upon as consultants in consultation by museums, government agencies and other coin dealers. Members of our staff stay in constant touch with the coin market by attending virtually every major coin show and many major auctions. We are members of the F.A.C.T.S. national teletype circuit and thus have extensive direct contact with all aspects of the rare coin market. We understand the true values of rare coins which gives us the ability to offer our customers meaningful advice as to which coins are likely to prove to be the best possible investment. Rather than base our advice solely upon mintage figures which can be misleading, we prefer to base it upon true rarity, current demand versus anticipated future demand, past performance and several other aspects of market trends.

With our help, our customers have tremendous profits by investing in rare coins. In fact, the gains made by our investment clients have far outpaced the coin market in general.

PROFESSIONAL INTEGRITY

New England Rare Coin Galleries' reputation for delivering quality, value and service is second to none and has made us one of the most respected names in the industry.

Jim Halperin and Russ Vaughn of our staff are currently among the nation's leading membership recruiters for the American Numismatic Association. Members of our staff are also members in good standing of such national numismatic associations as B.R.N.A., C.S.N.A., G.E.N.A., M.A.N.A., R.C.D.A. and many others. Also, for the past three years, our firm has received the Krause Publications (Publishers of "Numismatic News" and "Coinage" magazines) Customer Service Award.

We consistently offer correctly graded coins at fair prices because at N.E.R.C.G. we are looking for long term repeat business, not one time sales. Our policy of offering sincere advice to our clients, rather than touting the investment potential of coins we don't really feel are good values, has paid tremendous dividends to our clients and ultimately to ourselves as well.

### SERVICE

We are here to meet your every numismatic need and can offer you competent advice on virtually any aspect of numismatics or the rare coin market. We are always in a position to obtain the items you desire for your collection or portfolio.

Our fast and our mail order service is unsurpassed in the rare coin industry since all orders are processed and mailed to you the same day they are received. All packages are shipped fully insured or registered and all non-local orders are sent via AIR MAIL. We know you don't like to wait any longer than necessary to receive your coins and that is why filling your orders quickly and efficiently is so important to us. If you try our service, we guarantee you will be pleased.

### WANT LISTS

Nearly half the coins we handle never appear in an advertisement or catalog. Instead, they are sold immediately upon purchase to customers who have sent us their want list, since at N.E.R.C.G., want lists are serviced, not ignored. If you are looking for a particular coin, or coins in a particular grade, please send us a list and we'll do our best to locate them for you. Of course, there is never any obligation on your part.

### INVESTMENT COUNSELING

Members of our staff are always in a position to advise you as to the coins which we feel will offer you the best return per dollar invested based on your anticipated holding period. We are extensively involved in all phases of the coin market and no one is more qualified than we to recognize truly scarce and underpriced numismatic items.

Although we do not recommend the purchase of rare coins as a short term investment, we feel that for long term investment, no better medium exists. Investment packages can be tailor made to your individual needs and if you would like to discuss this service, please call us and ask for Christopher Tracey.

### SELECTION

We actually have greater difficulty in purchasing quality coins than we do in selling them. Fortunately, our sources in this regard are nearly unsurpassable. Many of America's leading dealers and collectors regularly call on us with rare and desirable numismatic properties. Our high volume, low margin of profit business allows us to pay competitive and often record breaking prices for rare coins.

Members of our staff attend virtually every major coin convention and examine several million dollars worth of coins each week so that we may bring our customers the very best values from other dealers' inventories.

As a point of interest, we do not hold back portions of our inventory and keep the best investments for ourselves as many dealers do since we feel that our valued customers deserve to profit from this incredible market. In fact, all of our new purchases are immediately available for sale as soon as we catalog and price them.

Our inventory, which consists of approximately two million dollars worth of numismatic United States coins alone, is one of the largest and most comprehensive in the nation. Our business is to meet our clients' needs and we think we do an excellent job of it.

### ALTERNATE CHOICES

We attempt to price and grade all our coins to be outstanding values, so naturally, choice, desirable coins that are priced to sell (and most of the coins which we offer for sale fit into that category) cannot be expected to remain unsold for long.

Invariably, when we publish our advertisements and catalogs and price lists, we will get multiple orders -- often as many as 10 or 15 orders for the same coin. Since nearly all items are one or two of a kind, we often must disappoint our customers with "sold out" letters and refund checks. This is certainly regrettable, but the alternative of pricing our coins higher to avoid multiple orders doesn't appeal to us, nor would we expect it to appeal to our customers.

Therefore, all we can advise is to please order as soon as you can and list second choices if possible. Naturally, we will never use your second choice listing unless we are sold out of your first choice.

#### TELEPHONE SERVICE

You may reserve any coins from our advertisement or catalogs by telephone in Mass. through Friday between 9:00 a.m. and 6:00 p.m. E.S.T. at (617) 879-7711. On orders of \$100 or more, you may use our toll free 800-347-3476 (800) 326-3658 from anywhere in the Continental United States except Massachusetts.

MASTERCARD and BANKAMERICARD are welcome. However, we request that a written order be sent which must contain your signature as all orders on these cards must have all the raised information. You may call the number's items to be paid for the credit cards but the coins will be held pending receipt of your written order.

#### TERMS OF SALE

1. Please enclose full remittance with your order unless you have previously established credit with us. Massachusetts residents only please add 5% sales tax or else furnish us with your tax-exempt resale number. An immediate refund will be sent on all items which have already been sold.

5. APPROVAL SERVICE: Coins can be sent to you on approval if you have previously established credit with us. Please send us banking references and at least two numismatic references if possible.
6. You may examine coins in person at our office which is conveniently located off Exit 12-W of the Massachusetts Turnpike, directly behind the Sheraton-Tenno Hotel. "Thank you for your prompt reply to my order. The Vermont Ryder 10 is all I'd hoped for and then some-after all, when one sees a piece listed 'F-VF but badly corroded' he can do no more than expect the ugliest black copper speckled with bright green. Yours is far above that level and I am quite pleased with it. Thank you for your service and I look forward to doing business with you again."

1822 Gem BU. One of the most underrated of all U.S. silver coins. Most of the reported 100,000 mintage were actually dated 1821. This coin is 100% fully struck with full mint lustre and no marks of any kind. We have seen a couple of sliders offered as BU, but this is the first truly mint state example. ## WANT LISTS

Nearly half the coins we handle never  
appear in advertisement or catalog.  
Instead, they are sold immediately to  
customers who have sent us their want  
list, since at N.E.R.C.G., want lists  
are serviced, not ignored. If you are  
looking for a particular coin, or coins  
in a particular grade, please send us  
a list and we'll do our best to locate  
them for you. Of course, there is  
never any obligation on your part.

## EARLY HALF DOLLARS

\*\*\*\*\*  
 1807 Heraldic Eagle. Gem BU, MS-70.  
 Here at New England Rare Coin Galleries,  
 we have handled many finest knowns of  
 different dates and varieties. We have  
 even gone as far as to describe coins  
 as the finest of a type that we've ever  
 handled. However, here is a first! We  
 feel that we can say without hesitation  
 that here is probably the finest example  
 (of any date) of a major United States  
 type coin. Certainly we have never  
 seen one that even comes close. This  
 coin is 100% fully struck down to the  
 center of each star. There is not a  
 bagmark to be found anywhere on the coin.  
 The lustre is not broken anywhere and  
 there isn't a hint of rub. It is simply  
 a fantastic coin in every respect, and  
 this is not a coin which one would expect  
 to ever see in this condition. We,  
 ourselves, paid a five-figure price for  
 the coin, so the price to you is expen-  
 sive. However, we doubt if a comparable  
 coin will ever be available for sale.

## THE 1866 "NO MOTTO" DOLLAR - ATTRACTIVELY TONED PROOF

This very coin was called by Stack's "perhaps the rarest U.S. silver coin."

This very coin was owned by a virtual "Who's Who" in American Numismatic history (F.C.C. Boyd, Colonel E.H.R. Green, King Farouk, Samuel Wolfson, Charles Jay and others).

This coin is "semi-unique", in that there are two specimens known, but one was stolen nearly a decade ago and the whereabouts of it are unknown. The fabulous Louis Eliasberg Collection, considered the only "complete" U.S. coin collection, is MISSING an 1866 No Motto Dollar.

There are 15 1804 dollars known today; there is only one 1866 No Motto dollar known today.

There are 5 1913 Liberty nickels known today, there is only one 1866 No Motto dollar known today.

There are a handful of U.S. coins which have realized over \$100,000. Some have realized over \$200,000. There are two which are currently being offered at \$300,000. None of them approach the rarity of the 1866 No Motto dollar.

We, at New England Rare Coin Galleries, feel this is the most underpriced United States coin currently on the market. Below are some of the reasons why.

When this coin was last offered at public auction in the Winner Delp Sale, it was described as follows by Stack's, the cataloguer of the sale:

*"1866 No M.D., BRILLIANT PROOF. This is the famous Jay specimen which was formerly the Wolfson property, first offered for sale at Public Auction in the United States at our Fairbanks Sale in 1960. ... When we described this coin in our Wolfson Sale, we noted that 'the only time this coin had been offered in a Public Auction, prior to the Fairbanks Sale in 1960, was in Cairo, Egypt when King Farouk's Collection was sold.'"*

*This is the fourth time we have handled this same coin and its pedigree is well known. It is initially traced to the Woodin Collection, then to the F.C.C. Boyd Collection who relinquished it to Wayne Raymon. It next passed to Col. E.H.R. Green and upon his death back to F.C.C. Boyd. King Farouk (via an American agent) became the next owner. The coin then passed to the Fairbanks Collection where Mr. Samuel Wolfson acquired it and when the Wolfson Collection was sold, Mr. Charles Jay became the proud possessor. Mr. Delp purchased the coin at our Jay Sale.*

*This coin is perhaps the rarest U.S. silver coin. It is surely on par with the 1873 "CC" No arrows Dime and the 1794 Silver Dollar. THE UPNE HISTORY OF THE 1866 NO MOTTO DOLLAR CAN BE COMPARED WITH THE 1804 SILVER DOLLAR, AS FOR ALMOST A DECADE THEY WERE RUNNING MATES. There is a good cause to believe that the progression of value will continue for this great rarity.*

*It is with understandable pride and pleasure that we again offer this coin at Public Auction to the entire collecting fraternity."*

The coin was purchased in that sale by one of America's leading dealers for \$32,000. Some of the other rarities in that sale included a 1795 Flowing Hair Dollar, Choice BU, fully P-L for \$3,500 (present value \$25,000+), an 1884 Trade Dollar, cleaned Proof for \$17,000 (present value of about \$50,000), an 1808 \$2½ Gold piece EF for \$5,000 (present value

about \$15,000), a Proof 1848 CAL \$2½ for \$7,750 (currently advertised at \$65,000), a German 1880 Coiled Hair Stella for \$35,000 (present value \$125,000 to \$150,000), an 1856-0 \$20 Gold EF+ for \$8,500 (present value \$40,000+) and many others of approximately the same appreciation. These examples were selectively cited, but offer a realistic representation of the market at that time.

Refer to page 150 of the *TREAS BOX* where this coin is referred to as a transitional pattern. Actually this is incorrect, for it is of the same design as the preceding issues rather than that of the succeeding issues. (To illustrate: An 1865 With Motto Dollar would be an example of a pattern issue. The 1866 No Motto Dollar falls into the same category as a 1913 Liberty Nickel or an 1804 Silver Dollar.)

Stack's compared the present coin's value to that of an 1804 Silver Dollar (currently valued in the \$200,000 range). We feel we have priced the coin conservatively in order to sell it quickly. Here is really a once-in-a-lifetime opportunity to acquire one of America's greatest rarities. It will be sold to the first caller for

\$97,500.00

### A FEW WORDS ABOUT RARITIES:

In this issue of our mailer, we offer for sale two of American coinage's greatest and most famous rarities, the 1866 No Motto dollar and the 1865 Trade Dollar. In addition to being outstanding coins (from the standpoint of condition, rarity and desirability), they are also priced to be outstanding values.

Not only is there great pride of ownership that comes from owning a classic rarity (as well as fame if one wishes!), but there is also a tremendous monetary advantage --- there is really no better long term investment than a carefully selected, fairly priced numismatic rarity.

We have never heard of a buyer of a major rarity who has held his investment for 5 years or longer that did not realize a substantial profit from his investment. In every case we know of, the profit has been greater than it would likely have been in the stock market, mutual funds, real estate or virtually any other conventional form of investment. Often the profit has amounted to ten times savings bank interest, or more!

We can remember well the August 1967 ANA convention in Miami when Aubrey Beebe paid \$46,000 for his 1913 Liberty nickel. This was considered a "high" price at that time, but since then, our friends at Bowers & Ruddy Galleries paid over \$100,000 for HALF INTEREST in another of the 5 known specimens. That same coin is now valued at \$300,000! Certainly there have been few investments that could have realized a 500% return in less than 7 years. More importantly, this is not an isolated case. Virtually every major U.S. rarity has experienced approximately the same rate of appreciation over that time period.

Naturally, it is our sincere hope to be able to someday repurchase coins from the collectors, investors or dealers that buy them from us. One of our best sources of rare coins is our fine customers themselves. The two rarities listed in this issue are no exception. When they are sold again (we hope it will be to us!) we have no doubt that the owner will realize a handsome, perhaps even a staggering profit!

If you are in the fortunate position of having money to invest, we hope you will consider numismatic rarities (or even scarcities!) so we can make a believer out of you!

### CONSIDERING SELLING? CONSIDER PUBLIC AUCTION!

If you have a collection of coins consisting mostly of individual items worth \$100 - \$1000 or more, you may do better at public auction. Frankly, there are cases where public auction is NOT the way to go. But in many cases you CAN realize the best possible prices via the auction route.

We will be happy to discuss the dispersal of your holdings, and give our recommendations. Complete auction service is available through our affiliate company, New England Rare Coin Auctions. Call toll free 1-800-225-3859.

THE FABULOUS  
1885  
TRADE DOLLAR

This splendid specimen was last sold publicly in the Baldenhoffer Sale (Stack's) in 1955. It is a glittering Choice Proof example with beautiful natural toning. One of only five specimens struck.

In the Baldenhoffer sale, our coin was described as follows:

*THE EXCLUSIVELY RARE 1885 TRADE DOLLAR*

*The Trade Dollars of this date were said to have been discovered in the proof sets of that year. Stack's has had the pleasure of selling some of the foremost collections in America and we are quite accustomed to rarities. However, this is only the second we ever handled. The first was sold by us privately in 1942. This specimen we are now offering is the first to be sold by us at public auction. While records of amount made are not available, in our opinion we do not believe that there are more than five of these in existence, possibly fewer. This coin can be classed as rare as any other great American Silver Piece. The fabulous Dupont Collection lacked this coin. We would not be surprised at any record price established. This coin is a splendid Brilliant Proof, highly toned."*

Five struck is now the officially accepted figure, and all five specimens are known. However, three of these are permanently impounded in famous major collections (Eliasberg, Aaron Carter and Norweb). The other specimen, last sold in 1965 (Ewalt sale - Stack's) was impaired. This is now the only Choice, COLLECTIBLE specimen of this date.

The 1885 Trade Dollar is one of America's greatest rarities that is currently for sale. We note the recent sales of an 1804 silver dollar (15 specimens known) and a 1907 MCMVII Extremely High Relief (12 - 14 specimens known) both for amounts reportedly in excess of \$200,000. The 1885 Trade Dollar is more than twice as rare as either of these.

The 1885 Trade Dollar offered here is in the finest possible condition. It is equal or superior to all other known specimens. The only other collectible specimen was abrasively cleaned and has severe hairlines. This specimen is a Choice, beautifully toned Proof - absolutely an unimprovable coin! The dealers we showed it to considered it to be the finest known.

The 1885 Trade Dollar is one of the most infrequently offered of all U.S. coins. No 1885 Trade Dollar has been offered for sale since 1965 (Ewalt). No Choice one since 1955 when this one was last sold.

Meanwhile, four extremely high relief double eagles have been sold in the past few years. 1804 Silver Dollars are offered for sale virtually every year. At least three 1913 Liberty Nickels have traded hands within the past decade. Yet, to our knowledge, only two 1885 Trade Dollars had been sold from 1942 until we purchased this one in August of 1974!

The 1885 Trade Dollar is one of the most famous, romantic, and well-established of all U.S. coin rarities. It is NOT a pattern issue or a recently-promoted "rarity". It is undisputedly one of the rarest collectible regular issue silver coins.

It is almost impossible to say what this fabulous coin will bring in the future, but it is a virtual certainty that its new owner will realize a substantial profit should he ever decide to sell the coin. This has been the case with nearly all great numismatic rarities. Furthermore, there is the tremendous satisfaction (and often fame) that comes from ownership of a classic rarity.

We proudly offer this Choice, beautifully toned specimen for sale.

Price on Request.

This listing is for Gem BU Dollars only. These coins will be well struck, have minimal bagmarks, and full lustre. They are true MS-65 coins.

Before coming to work for New England Rare Coin Galleries, I ran several ads on dollars of this quality. The response was tremendous, and there have been a lot of requests from my customers for new listings. I guarantee my new and old customers will receive top-quality dollars at fair prices.

All coins sold by New England Rare Coin  
Galleries are graded by the strictest  
of standards, and priced competitively.  
However, at times our prices may seem  
higher than those of other dealers.  
The fact is that there is no Santa Claus  
in numismatics (as Virgil Hancock has  
so often said). Always beware of a coin  
at a seemingly "bargain price" for it  
will seldom turn out to be what it is  
supposed to be. When you order from  
us, you are assured of a CORRECTLY  
GRADED coin, at a fair price, every time.

# COINS OF THE WORLD

There are several elements of the world coin market that we find amazing. Prices are cheap, for one thing. Frequently a one-year type coin in uncirculated condition with a mintage under 100,000 will sell for under \$25. There are hundreds of issues which offer excellent investment potential - in fact, incredible potential! Secondly, the grading of foreign coins is conservative throughout the industry (with very few exceptions). This leads to a more standard pricing structure, and gives you a more accurate picture of the true market. Thirdly, just as with the U.S. market, the supply is quite thin on all but the most common issues.

Our first world coin offering last month was very successful, and we have been fortunate to add many new choice crowns and minors to this offering. On orders of \$100 or more, please use our toll-free WATS line and ask for Russ Vaughn.

THE PURPOSE OF THIS MESSAGE IS TO TELL YOU OF THE  
VERY REAL POSSIBILITY OF MAKING HUGE  
PROFITS IN RARE COIN INVESTMENTS, AND  
EXACTLY WHAT YOU CAN DO ABOUT IT.

Just like the heading says, there is a very real possibility you can make huge profits in rare coin investment. The developments of the past few months point strongly toward the dawn of a new market, a market with quality as a focal point. As we at New England Rare Coin Galleries have always emphasized quality, the investors who have listened to us are in the best position. But it is not too late; it is only the beginning. The scarcity of quality coins, the desirability of quality coins, the easy availability of quality coins - these factors are by themselves an assurance of a sound investment. However, there is more - much more.

First of all, the economy is rebounding. The people who think a strong upturn will not occur until the fall of 1975 are considered dour pessimists. A strong economy will help the coin business, of course, but the coin market is already flexing its muscles in most areas.

Secondly, there is a probability that large sums of money are ready to be put into the coin market. These large sums could turn prices of rare coins into astronomical figures. There just aren't that many quality coins around. Where will these sums come from? Several mutual funds have been proposed (modified to meet S.E.C. regulations, of course) that could provide tremendous purchasing power. In addition, there are several collections being formed today which could virtually dry up the availability of many scarce issues. There is also the possibility of the "nouveau rich" in oil, coal and other energy related industries coming into the market. These are not pipe dreams. It has been estimated by one economist that if the amount of money traded in ONE DAY in the stock market were put into coins, the prices of all issues would increase an average of FIVE FOLD!

Thirdly, and importantly, there are the "insider's" feeling about the market. As professionals, we can gauge the strength of the market as no outside observer can. In the past two months, we have sold more expensive coins (over \$5,000) than in the six months previous to that. Even in a billion dollar industry, a sale of this magnitude is significant - people with this kind of money to spend have a REASON for putting it into the coin market. We have also had several serious inquiries concerning the 1885 Trade Dollar we own. Anyone who can conclude that the coin market is weak from such overwhelming contrary evidence should apply for membership in the flat earth society.

It is important to remember one cold hard fact, however. Even WITHOUT the outside forces listed above helping the market along, coins were the NUMBER ONE investment medium in both 1973 and 1974. Period.

Where do you go to invest your money in rare coins? As we are paying for this ad, we are of course going to recommend New England Rare Coin Galleries. But is it really important WHERE you go to purchase rare coins? You bet it is!

We recently went to look at a collection assembled two years ago by a woman whose intent had been to build a strong investment portfolio. The issues she chose were wise and sound - rare colonial coins, nice type coins and gold coins of top quality, (or so the inventory list said). Even though we recommend holding coins for a minimum of three years, the issues she had chosen had increased so dramatically that we felt we could still pay her a nice profit. Instead, our offer only came to about 40% of her cost! The "uncirculated" coins were in many cases re-colored and artificially treated coins which were only worth a fraction of what she had paid. And when the coins were accurately graded, the prices weren't picked from numismatic publications but perhaps at random from the phone book. It seems we were the second dealer who had looked at the collection, and the first had conveyed the same bad news. One coin in the collection stands out. She had purchased a Proof Quarter Eagle for \$3,200. This was a "good deal", she was told, because New England Rare Coin Galleries advertised them at \$3,500. However, the fact that her coin was covered with hairlines, digs and scratches WASN'T mentioned. Both the first dealer and the second (us) offered \$400 for the coin! The collector who purchased our "more expensive" coin has a top quality GEM and considers it the highlight of his collection. When we say to consider quality when you consider price we aren't just paying lip service to a tired cliché. Quality is of the UTMOST IMPORTANCE when buying rare coins. At New England Rare Coin Galleries we pride ourselves on delivering the best value for the dollar spent. Our "high" prices always pay off for YOU in the end.

When you order an investment package of rare coins from New England Rare Coin Galleries, here is what happens.

First of all, each is accurately graded personally by company president, Jim Halperin. Secondly, the coin is priced, fairly and competitively, but with the accurate grade taken fully into account. Finally, when your check is received, your coins are shipped promptly. Always. There are no exceptions.

When the coin investor is ready to sell there are many avenues open to him. If he wishes to sell the coins to us, or through us, we offer our own auction service, New England Rare Coin Auction. A private treaty sale can also be arranged where we will sell the coins for him for a small commission. Or, if he prefers, we will purchase the coins outright for cash. Buying or selling, the customer is always treated fairly at New England Rare Coin Galleries, and we strive to give him exactly what he wants.

The services New England Rare Coin Galleries offers are many, as complete as possible and we are one of the few rare coin companies which offers coin investments applicable to the Keogh Act, which provides our customers with a sizable tax advantage. In addition, profit-sharing and pension plans are eligible for funding with rare coins. Investors large and small have the best chance at sizable profits in rare coin investments when they deal with us, as we provide our customers with every possible aid.

No name in numismatics is more respected than New England Rare Coin Galleries. This reputation has been built on accurate grading, fair, realistic prices, excellent service, and overall high business ethics. We have become "the company to see" when seeking rare and choice coins, and our success has been not only in New England, but nation wide.

From an investment standpoint, our customers have excellent success in their investments. Our investment recommendations have far outpaced the coin market in total percentage gains!

In addition, in our lump sum program we provide you with background information on each coin so you know precisely what you have purchased. An explanation of grading (with reference to any special characteristics of this particular coin, such as striking, etc.) and the reason for pricing the coin the way it was priced are also provided.

We also pride ourselves on our expertise in authenticating rare coins. This is very important, as there are many counterfeit coins which we can easily detect because of die characteristics, color, strike, and surfaces - characteristics which can only be spotted by an experienced student of numismatics. Members of our staff are frequently consulted by museums, government agencies, and other dealers for assistance in coin authentication. Every coin sold by New England Rare Coin Galleries carries a lifetime guarantee of authenticity.

Many of our investors have ordered from us for years, and have shown excellent to amazing profits. We value these customers greatly, and we are happy to say many have told us we are equally valued by them for our counseling and for the high quality and value in rare coins that they have received. The world of numismatic investment awaits you, and New England Rare Coin Galleries would be glad to show you how we can help.

We now have two plans available:

First, our lump-sum investment plan (minimum order: \$500). These packages are tailor-made to your investment needs, and are assembled with the idea of affording you the best possible return based on the expected holding period. Each coin in your investment package will be individually priced, and any single coin or coins may be returned within 10 days, for any reason, (or for no reason at all).

Second, by popular demand, we have instituted a monthly investment program (minimum order: \$100 per month). This is for the investor who wishes to invest in rare coins on a regular basis. We can help you build a beautiful and worthwhile portfolio over a period of years. Naturally, there is no obligation on your part at any time, and you may discontinue investing at any time for any reason. Of course, any coin may be returned within 10 days for a full refund.

If you would like to begin, please fill in the order form on the next page and mail it to us with your check. We will immediately assemble your investment package and mail it to you for your approval.

YOUR SATISFACTION  
IS ALWAYS GUARANTEED.

## NEW ENGLAND RARE COIN GALLERIES

### NEEDS TO BUY COINS, TOO.

COIN COLLECTORS and investors are faced with a dilemma when it is time to sell. Who should the coins be sold to? What method should be used? (Outright sale, the cash? Auction? Private treaty commission??). And most important, the collector usually wants to go to a reliable dealer where he is assured of the best possible deal. Many collectors and dealers are ignorant that New England Rare Coin Galleries is just *that* place.

N.E.R.C.G. purchases hundreds of thousands of dollars in rare coins each month for cash. As the demand for rare coins exceeds the number that collectors and investors can supply us with, we must purchase many (well over 75%) of our coins from other dealers. These are coins which they purchased from collectors at sub-wholesale prices to sell to us. Why not go where the dollar is being paid - to N.E.R.C.G.. Dealers do, why not you?

Our buying interests are not limited to choice and rare U.S. coins. Members of our staff have purchased some of the finest paper money collections sold in the past five years, and our staff is knowledgeable in (and eager to buy) rare foreign crowns, minors, and gold.

As coin retailers, we are able to pay top dollar. We have collectors ready and waiting for your rare coins, and we're ready to pay more to get them.

If you do not choose to sell your coins outright, we offer the services of the newly formed New England Rare Coin Auctions. Every auction will be given heavy exposure and coordinated expertise by our staff. Cash advances are available if you wish.

Occasionally a situation arises where neither outright sale nor auction is the answer. (Hollywood's treaty sales and sometimes executed by N.E.R.C.G. for a small commission. (We recently sold a great error for a client for which he received nearly six thousand dollars). If you have a rare coin, the odds are 99-1 we have a customer for it. If you have a collection, large or small, we definitely have the best facilities to handle it, no matter what means you prefer. (We'll be glad to advise you of the best means of disposing of your collection if you wish.)

No matter how large your collection, we are financially able and numismatically knowledgeable enough to handle it. If you know of a collection for sale, we will be happy to pay a generous finder's fee for your assistance in directing us to it. And, even if the "collection" involves only one major coin and nothing else, we're eager to buy it! In fact, the highest price ever paid for a single coin in the history of the American Numismatic Association Convention was paid by N.E.R.C.G.!

To put it simply, we are serious buyers of rare coins. We are famous for paying top prices in the industry: no one pays more! We want to buy coins, we *HAVE* to buy coins. If you are ready to sell, contact New England Rare Coin Galleries. Call toll-free 800-225-3858 or in Massachusetts collect, 617-879-7711, to set up a time for us to view your collection.
